

GDEP FIELD SERVICE OFFERINGS

✗ GDEP offers customized field services for customers at their facilities or on location for both GDEP and competitor pumps. Services can be tailored to your individual needs and on your schedule.

360 Pump Inspections:

GDEP's inspection program offers a comprehensive and proactive approach to solving your pump issues. Through advanced troubleshooting to performing onsite repairs, we guarantee maximum performance.

- 10 FREE Power end inspections per month valid with GDEP repairs.

In-House Field Service Tech:

Technician to service any power end and fluid end related work with either half-day or full 24/7 coverage.*

Field Work:

- Pump inspections and evaluation
- Power end swings
- Fluid end and module swings
- Roll bearings in power ends
- Plungers, brass, and packing changes
- Valve & seat changes
- Stay rod replacement
- Seal & gasket replacement
- Crosshead assembly maintenance and replacement
- Jackshaft replacement
- Preventative maintenance

Power End Rebuild:

GDEP field technicians will come to your facility and rebuild your pumps with a quick turnaround.*

PODs / Consignment:

Never run out of parts. Setting up a consignment trailer at your regional location allows quick access to OEM-certified parts when you need it.

Training:

Have a GDEP certified trainer come to your location or facility and run a class on fluid end and power end inspections and maintenance. Good for new crews and SSE's coming on board.*

24/7 Service:

Call us anytime - day or night. We can come to you for any service you need, wherever you need it.*

Should you not see a service listed that you would like us to provide, please reach out to your local GDEP representative, we will do our best to make it happen. GDEP is here to make your pumping experience easier. You ask - we deliver. Our team of experts is available 24/7 to service ANY brand of pump.

Call us today at **1-866-GDPUMPS (1-866-437-8677)** to learn more about our services!

**An agreed upon hourly rate will be applied. Applicable cost for parts will be additional. Travel rates applicable for non-local jobs.*
